MCLANE ADVANCED TECHNOLOGIES PROMOTES THREE

TEMPLE, TEXAS.

McLane Advanced Technologies LLC (MAT) is pleased to announce the recent promotions of Dane Kelley, Chris Zendt, and Skip Carruth to the position of Vice President. Dane Kelley has been promoted to V.P. for Research and Development. Previously, Dane served as the Director of Army Programs since February 2004. Chris Zendt has been promoted to V.P. for Integration. Chris served as the Director of Testing and Fielding since July 2004; primarily involved in fielding the Standard Army Maintenance System-Enhanced (SAMS-E) software to the U.S. Army. Finally, Skip Carruth has been promoted to V.P. for Commercial Services. Skip has served as the Director of Commercial Services since August 2004 when his company JC Technology Group merged with MAT to provide Information Technology services to small, medium, and large businesses in Texas.
