MAT Provides Three Scholarships to Local Students

Through the Central Texas Fort Hood Chapter of the Association of the United States Army (AUSA), McLane Advanced Technologies (MAT) provided three \$1000 dollar scholarships to deserving students.

TEMPLE, TEXAS.

On June 7, 2007 the local chapter of the AUSA conducted their annual Scholarship Awards Luncheon hosted by Embarq™. The event was held at the Fort Hood Catering & Conference Center on Fort Hood. Steve Hanick, Vice President, Scholarship AUSA and External Affairs Manager for Embarq, served as Emcee and helped local contributors distribute fifty-eight separate \$1,000 scholarships. Many students were children of active duty soldiers, some were spouses, and some were in uniform.

Over 28 scholarship contributors attended the event and assisted Brigadier General William F. Grimsley, Deputy Commanding General of the 4th Infantry Division, in presenting the awards to the scholarship recipients. As each student approached the stage, Mr. Hanick read a passage from their essay or from a letter of reference that spoke to their goals and aspirations. A group photo was taken before the luncheon of all the scholarship winners.

The MAT sponsored scholarships went to: Demeka Daniels and Janel Daniels (sisters), and Alan Cardon. MAT is proud to support the local Central Texas Fort Hood AUSA chapter and these students. Congratulations!

MAT is a services-based, technology company offering a unique blend of military experience, corporate knowledge, and unprecedented commitment to the customer to ensure that each project is completed on time and on budget.
